

RAQEEB SYED HUSSAIN

GRAPHIC & VISUAL DESIGNER | AI-ASSISTED CREATIVE PRODUCTION

Dammam, Saudi Arabia | +966 58 308 1453 | raqeebsyedo@gmail.com

PROFESSIONAL PROFILE

Graphic and visual designer with experience delivering corporate communications, executive presentations, brand systems, brochures, proposal materials, social campaigns, and AI-assisted visual storytelling. Skilled at translating complex briefs into clear, polished visual narratives for technical, industrial, commercial, and client-facing contexts. Combines design fundamentals with an AI-enabled workflow to accelerate exploration, improve production efficiency, and uphold visual consistency through structured quality checks.

CORE STRENGTHS

Presentation and document design | Brand identity systems | Information hierarchy | Proposal and bid design | Corporate communications | Print-ready artwork | Visual storytelling | AI-assisted image and concept development | Social and campaign creative | Bilingual English-Arabic layout support | Motion and multimedia content

PROFESSIONAL EXPERIENCE

Senior Graphic Designer | Euphoria Experiences Jan 2026 - Present | Dammam, KSA

- Design comprehensive brand identities, including logo direction, colour palettes, typography systems, digital assets, and product mockups.
- Develop and publish digital experiences with motion design and Arabic right-to-left layout support.
- Build AI-augmented creative workflows that translate client briefs into client-ready visual deliverables while maintaining defined brand-DNA and quality-control standards.
- Produce end-to-end social and media assets, from messaging and visual direction through final content production.

Visual Communications & Pre-Sales Specialist | White Graphics Nov 2024 - Jan 2026 | Dammam, KSA Advertising Co.

- Created high-converting client pitch decks, commercial proposals, corporate brochures, and communication blueprints for industrial and logistics-focused clients.
- Turned complex service offerings into concise, visually persuasive narratives aligned with client requirements and corporate brand guidelines.
- Developed signage concepts, corporate communication systems, and production-ready marketing assets while maintaining strict visual quality standards.

Senior Creative & Marketing Specialist | Tawasol Advertising Agency / Jan 2023 - Oct 2023 | KSA & India Mounts & Seas Entertainments

- Managed corporate design projects from creative brief through final execution, coordinating visual requirements across multiple stakeholders.
- Directed the creation of bilingual marketing materials and specialised visual assets for software, industrial textile, and luxury furniture markets.

Marketing Communications Specialist | Learn Bay / Eloappz / D Third Eye Aug 2020 - Dec 2022 | India Studio

- Designed omnichannel visual assets for digital campaigns, social content, and demand-generation communications.

- Applied brand systems and visual hierarchy to create consistent, platform-appropriate marketing collateral.

SELECTED PROJECT RELEVANCE

Corporate and technical communication: Flowserve event presentation, Jalal corporate profile and event materials, White Graphics brochure and proposal work.

AI-assisted visual production: AI concept exploration, commercial creative campaigns, and structured AI quality-control workflows.

Multimedia: Motion-based Civil Presentation content and end-to-end social-media asset production.

TOOLS AND WORKFLOW

Design: Adobe Photoshop, Illustrator, InDesign; Canva; Google Workspace.

AI and creative planning: Gemini for visual ideation, Claude for structured reasoning and quality checks, Kimi for digital build execution, and ChatGPT for discovery, planning, and narrative development.

Production: Presentation design, print preparation, social-media production, audio/podcast production, and basic motion/video content sequencing.
